

2021 TRAINING

MARCH 25

9:00am to 3:00pm

ESG & Sustainable Investing – All You Need to Know (On-line)

The debates are still raging as to the uniqueness or otherwise, of ESG investing strategies, but one thing is sure – the rise of this phenomenon in the last decade, heightening last year in the wake of the covid-19 pandemic has turned the global attention to its relevance in portfolio management going forward. This one-day expository programme affords delegates the mastery of ESG investing by focusing on the core features of the entire strategies and ongoing global efforts in streamlining the concept especially in product creations for investor protection and benefits. We will also be looking into the essence of ESG in the UN SDG for the 2030 target date and why every market should be working assiduously towards embracing the idea.

Day 1

1. Introduction: Sustainability and Double Materiality Concept – Financial materiality and Environmental & Social materiality;
2. What and Why ESG?;
3. The framework – Full breakdown and applications of ESG Factors;
4. Roles in ESG investing;
5. Sustainability Standards – GRI, SASB, TCFD, CDSB, IR etc.;
6. Analysis: ESG Scores and ratings;
7. Investor relations/protection standards – CFA Institute;
8. Challenges in the ESG investing framework/ecosystem;
9. Implications for Emerging markets;
10. Implications for Investment Managers.

Training is open to all interested stakeholders in the industry: Asset Owners, Investment Advisers & Managers, Analysts and Regulators, etc.
