

2021 TRAINING

SEPTEMBER 29-30

9:00am to 3:00pm

Embracing Financial Derivatives (On-line)

It's been much talked about but eventually is taking hold in our market. Our 2-day session will be reviewing the theories and current market developments as well as regulations for delving into this rather unique area of portfolio risk management as well as performance enhancement products. On their own, they create very interesting opportunities to deepen the market and only a very good understanding of their dynamics will be of any help to intending users. Let's help you prepare adequately for the unique and intriguing world of financial derivatives.

Day 1

1. Introduction: The Purpose and Nature of Financial Derivative Products;
2. Types of Financial Derivative Products – Features and Uses;

Workings of:

3. Forward Contracts;
4. All about Futures Contracts – Financial & Commodities;
5. All about Options – Calls, Puts, Traditional/OTC & Exchange-traded Contracts;
6. Options and Warrants compared.

Day 2
